

# FOSSIL HUNTING

With Dr. Paul Kovalski, Jr.  
And Marlboro Recreation

Did you know that Marlboro Township is home to one of the most productive fossil sites in the East?

Come join Dr. Paul Kovalski, Jr., (an expert in the field) and Linda Dugan from the Recreation Department for an amazing time. Search for sharks' teeth, Belemnite, Exogyra (500-year-old Clamshells), Vertebra and much, much more! See and learn first-hand what lived here when New Jersey was part of the ocean floor. Bring a **strainer**, **small shovel**, and a **plastic bag** for your finds, and the desire to dig. **Wear old clothing, boots if desired; and be prepared to get WET!** We're heading down into a creek bed. Thanks to an eagle scout project, there are steps that lead to the creek bed to make access easier. Sign up today!
